Amen is commonly used after a prayer, creed, or other formal

statement. It is spoken to express solemn ratification or agreement.

It means “it is so” or “so it be.”
Amen is derived from the Hebrew

Amen is a word that came to English from Latin, which got it from Greek, which got it from Aramaic, which got it from Hebrew (technically, Aramaic may have had it

anyway, before it became the standard language of the Jewish people a few centuries before the time of Christ). It is difficult to translate this word directly, which is

Amen Display Regular 24 pt

often a reason that words are borrowed from other languages (i.e., if there's no direct way to translate this foreign word, just borrow it). The specific Hebrew word

Amen Display Black 24 pt

amen ('amen) appears to be derived from a related verb--'aman, which means "he confirmed, supported, or upheld." This verb is also associated with the Hebrew

Amen Display Black 24 pt

word for truth ('emet), which carries the idea of certainty or dependability (i.e., that which is true is that which is certain or dependable). 'Amen itself is

Amen Display Black 24 pt

an interjection used to agree with, affirm, approve, or emphasize something else that has been said. Thus when Jesus begins certain sayings by declaring "Amen,

Amen Display Black 24 pt

I say to you ...” various Bible translations often render the “amen, amen” different ways. Because of the word’s association with the Hebrew terms for truth, the double

amen is sometimes rendered “truly, truly” or “verily, verily.” Because of its association with the Hebrew terms for confirmation or dependability, one might also

translate it “certainly, certainly” or “most assuredly.” Amen is a word that came to English from Latin, which got it from Greek, which got it from Aramaic, which got it
